Development Manager Real Estate (MF)

A **huge international fund** is now hiring a Development Manager (m/f) responsible for understanding the current status of the non-developed properties; in coordination with the asset managers, propose changes in the projects / execution of next steps in order to maximise the value of the properties; give technical support to the project; prepare business plans; provide overview and management assistance for other projects.

We are searching for professionals with several years of **experience in project management and coordination** within the Real Estate / Construction & Property sectors. A university degree in engineering, business administration or economics will be also valued. You must be fluent in oral and written English and possess very strong analytical and technical Excel skills.

If you match the required profile and want to join this ambitious project please send your English CV to:
